

**MINUTES OF THE SELECTMEN'S MEETING
FEBRUARY 24, 2016**

The Board of Selectmen met in the Police Station Training Room at 3:30 PM with all members present. Other town officials present were Police Chief Mark Smith, Assistant Fire Chief Joe Holway, Sewer Superintendent Rodney Jenkins, Treasurer Anne Jannette, Webmaster Priscilla Johnson, and town resident Tashena Holmes.

Bill Letsky of Virtual Towns and Schools gave a powerpoint presentation on the services they could offer to upgrade the town's website. (Attached) His company has many different options that would make it easier for town officials to post information that would be available for residents, and also make the website better organized.

The cost to migrate the current website to VTS would be \$5,000.00, and the annual licensing fee would be \$1,750.00.

There being no further business, the Selectmen adjourned at 5:00 PM.

Respectfully submitted,

Leslie Scott Burton
Administrative Assistant
